~~Long Intro Em - 1 x chorus then back to Em~~

~~Tease these out~~

Cue to start Ch x 2 (4) ending on Bass playing C

It's taking a long time, to get me through the day

But we all know that's, the price we have to pay

Sooner or later the day has got to come

I'm just counting the days off.....one by one

ch

Can you feel the love x4

We're coming together, the summer's setting in  
Just look at our clothes now, they're wearing pretty thin

People are praying underneath the sun  
we're just dying to meet you, gonna give you some

ch

Can you feel the love x 4

We sing the rhymes every time  
and we know we're looking fine  
though we've never had a dime

Chorus x 2 (4) bass finish on C
